

Ms. [Georgia Linaraki](#) is our Ambassador of Sea & Environmental Protection. She is the Vice President of the company V Group Environmental MON. SA.

Georgia Linaraki studied Anti-Pollution Technology Engineer. She started her career at Antipollution in 2004 as Head of the Procurement Department and the Project Development Department. In 2016, having been recognized for her value through the company's development processes and code of values, she succeeded in becoming the Vice President and Legal Representative of the company in the difficult and male-dominated area of Shipping. The company won many awards for its best practices, procedures and initiatives regarding environmental protection and sustainability.

She now holds the position of Vice President in the company V Group Environmental MON. SA, which is the crown jewel of the environmental sector of V Group, of which Antipollution is also a member.

Georgia was a Member of the Board to the Panhellenic Association of Environmental Protection Companies (PASEPPE) as a Scientific Advisor (2016-2018) and as General Secretary (2019-2020) and from 2018 until today she is President of the Scientific Association of Adapted Activities of people with autism.

She was awarded at the Who is Who International Awards 2021 as the World Woman Leader Shipping & Sea Protection.
